Hi David,

Attached are the revised EFO TP's for Sam's speech tomorrow.

Sam came by around noon and wanted to include 3 more topics to his TP's – PSO's wind farm project, Brownfields, and Harvey fuel waivers.

I've added PSO wind farm to the air section, Brownfields to the revitalizing land section, and Harvey fuel waivers to the cooperative federalism section.

Sam is aware that not all folks in OK are supportive of the PSO wind farm project.

Thanks.
